

## Fourth of July Scavenger Hunt

**Follow the clues to find the zoo's naturally red, white and blue animals!**

1. We strut around all over the zoo, showing off our green, purple and blue.

2. We howl at the moon, if you come into our cabin you will hear our little tune.

3. I'm blue like my brothers, if you look hard enough you'll see other colors. I'm tiny, shiny and like to be wet. My poisonous skin makes me a bad pet.

4. I like to be in the cold weather, I have fluffy, white feathers. I am like Harry Potter's owl, Hedwig. Here at the zoo you can find me near the pig.

5. In honor of this patriotic day, we are the ones who represent the USA. In the wild, we fly way up high in the blue sky.

6. We are bright and easily seen. Our long, thin bills help us prepare our cuisine. In the jungle we are found up in the trees or walking on the ground.

7. I am a red fellow, but my belly is all yellow. I am found with the other reptiles. Please come see me, I'm worthwhile!
